How to Measure for a Retractable Screen Door

For ordering purpose you only need approximate measurements to determine which size to order. Our technicians will do exact measurements at the installation appointment to customize your screen and install.

Measure Width:

- Measure the top, middle and bottom width from the inside of the jamb
- Take the smallest of your measurements.

Measure Height:

- Measure the height at the center of the opening from the top of the inside jamb to the bottom sill

Based on the measurements, use the chart below to determine what Retractable Screen to order. If your measurements fall outside of the chart below, please call our office to schedule a consultation for a VistaView or a Horizon large opening retractable screen.

Max Width (inches)	Max Height (inches)	What to Order
40	83	1 Single Retractable Screen Door
40	97	1 Single Over-Height Retractable Screen Door
55	83	1 Single Over-Width Retractable Screen Door
80	83	1 Double Retractable Screen Door
80	97	1 Double Over-Height Retractable Screen Door
80	83	1 Double Over-Width Retractable Screen Door
80	107	Call for a custom order/quote

Actual product colour may vary from the colour on your screen. Every monitor or mobile display has a different capability to display colours, and every individual may see these colours differently.
